Personal profile

As a determined person I believe I possess all the necessary qualities an a Software Developer should have. I am a quick learner, which is backed up by my tenacity and strong desire to succeed. I have also got great organisational skills, able to maintain focus and possess attention to details. Having been a part of a highly dynamic companies has considerably improved my teamwork skills. Willing to take responsibility not only for myself but also for team members in fast paced environment to meet deadlines while maintaining high standards, I proved a well-disciplined individual, who remarkably deals with adversity. Possess healthy attitude to criticism, learn on my mistakes. I always aim to gain new experience and broaden my knowledge and I am open to new challenges no matter how difficult they might seem.

Additional information

A holder of full clean UK driving licence. Without bad habits, i.e. drinking, smoking. I like reading books, going to the gym, riding bicycle. Listening to music and watching movies. But my favorite pastime is traveling to new places and countries.
